At the beautiful
Village Club of Sands Point
1 Thayer Ln, Sands Point, NY 11050

"The East Coast's Pebble Beach"

About the Village Club of Sands Point:
Built in 1916 by Isaac Guggenheim, with the rich ambiance of an Italian Renaissance style mansion, the Guggenheim Estate remains one of the finest and most impressive in New York. Formerly the IBM Country Club, the Village of Sands Point purchased the estate in 1994. The Club property, facing Long Island Sound covers approximately 210 acres of sprawling lawns, estate gardens and prime waterfront views. It provides a unique facility for our annual outing.

Mission of the Long Island Village Clerks and Treasurers Association:
The Long Island Village Clerks and Treasurers Association (LIVCTA) encourages and stimulates cooperation among members for their mutual benefit and welfare; provides a medium for the exchange of ideas and experiences; and enhances their professional service to the elected officials and the communities they serve.

The Office of Clerk, Treasurer or Administrator and financial officers in municipal government, is not just a job, it is a profession. This status can be achieved or advanced only by continued learning, dedication to the position and pride in the work.

Funds raised at our Annual Golf Outing support the continuing education of our members. We thank you for your commitment to the municipal government profession.
