## **CODE OF ETHICS ADOPTED ON MAY 18, 1989**

THE OBJECTIVES of the Long Island Clerks and Treasurers Association are to encourage and stimulate cooperation among members for their mutual benefit and welfare; to provide a medium for the exchange of ideas and experiences; and to enhance their professional service to the elected officials and the community they serve. To further these objectives, certain ethical principles shall govern the conduct of every member of the Long Island Clerks and Treasurers Association who shall:

1. Be dedicated to the concepts of effective and democratic local government by responsible elected officials and believe that professional general management is essential to the achievement of this objective.
2. Affirm the dignity and worth of the services rendered by government and maintain a constructive, creative and practical attitude toward urban affairs and a deep sense of social responsibility as a trusted public servant.
3. Be dedicated to the highest ideals of honor and integrity in all public and personal relationships in order that the member may merit the respect and confidence of the elected officials, of other officials and employees, and of the public.
4. Recognize that the chief function of local government at all times is to serve the best interests of all of the people.
5. Submit policy proposals to elected officials, provide them with facts and advice on matters of policy as a basis for making decisions and setting community goals, and uphold and implement municipal policies adopted by elected officials.

**LONG ISLAND  
VILLAGE CLERKS AND TREASURERS ASSOCIATION**

**CODE OF ETHICS Cont'd**

6. Recognize that elected representatives of the people are entitled to the credit for the establishment of municipal policies; responsibility for policy execution rests with the members.
7. Refrain from participation in the election of the members of the employing legislative body, and from all partisan political activities which would impair performance as a professional administrator.
8. Make it a duty continually to improve the member's professional ability and to develop the competence of associates in the use of management techniques.
9. Keep the community informed on municipal affairs; encourage communication between the citizens and all municipal officers; emphasize friendly and courteous services to the public; and seek to improve the quality and image of public service.
10. Resist any encroachment on professional responsibilities, believing the member should be free to carry out official policies without interference, and handle each problem without discrimination on the basis of principle and justice.
11. Handle all matters of personnel on the basis of merit so that fairness and impartiality govern a member's decisions, pertaining to appointments, pay adjustments, promotions and discipline.
12. Seek no favor; believe that personal aggrandizement or profit secured by confidential information or by misuse of public time is dishonest.

If a final proposed budget is not approved by April 22 of any fiscal year, then the budget for such fiscal year shall become the final proposed budget for presentation to the Active Members of the Association. A copy of the final proposed budget shall be mailed to each Active Member at least ten (10) days prior to the date of the May meeting.
